

LEGAL AWARENESS COMMITTEE REPORT

Legal awareness is the empowerment of individuals regarding issues involving the law. Legal awareness helps to promote consciousness of legal culture, participation in the formation of laws and the rule of law. To impart practical knowledge about the basic legal rights and remedies provided under various women related laws, thereby making them fit to face the challenges in real life situations. Awareness of legal aspects pertaining to issues faced by women and atrocities against them was created in our college for the benefit of young women so that they can effectively tackle their problems in their day-to-day life.
